

Purification prior to My return

Behold, if you love Me genuinely, you should not fear anything, even with the earth falling to pieces beneath your feet! Really, I tell you even on the smoldering rubble of a destroyed world you would learn that I am Eternal Love. A one and only good Father for those who have discovered Me in spirit and in the truth of the love of their hearts.

[2] Yes, I tell you, I shall destroy suns and jumble the debris of the world like flashes in a thunderstorm and inflame all eternal infinity with the fire of My wrath and still, not a hair of those who love Me shall be scorched. Because I am always a loving and holy Father for My children.- Amen

[3] The Earth will therefore exist as it existed after Noah, and will bear My brighter children; only the too greatly prevalent filth will be removed from it and come to another institute of purification, of which there is truly no lack in My eternally great kingdom and also of which eternally there will never be a lack.

[4] The enormous number of poor and oppressed people will finally rise against their extremely proud oppressors and will make a short work with them, and this will be a second deluge by the fire of the finally too badly and too heavily oppressed poor people.

[5] Yet, the people who will then live in the great cities of the kings and the mighty of the Earth of that time will have to suffer the most.

[6] Therefore, always stay meek and humble, and by that in true neighborly love, then no judgment will be called over you, **because where during that time the people will live according to My order, there will be no last judgment.**

[7] And in not completely 2.000 years there will again be a very big and general judgment, leading to salvation of the good ones and to ruin of the worldly great ones and the complete loveless people.

[8] Towards the end of the indicated period, I will awaken even bigger prophets and with them also the judgments will increase and become more widespread. There will occur great earthquakes and very destructible storms of elements, large price increases, wars, famine, pestilence and many other disasters, and as I have already remarked earlier, faith will -

accept for a very few - not be among the people, and will be frozen in the ice of the people's haughtiness, and one nation will attack the other.

[9] But this you all can take as the full truth, that nearly every two-thousand years a large change takes place on earth. And as such it will also take place as calculated from now on.

*[10] Good for those who have then not erased the water of life in themselves for earthly gain; for when such a great fire of judgment comes from the heavens, they will not be touched, **for their own water of life will protect them.***

*[11] Only after that the true peace of life and its order of God will reach their hands for ever, and discord and discontentment will no longer be among **those who live on the purified earth in the company of the angel of God.** If our brittle and fragile bodies do not, then our seeing and understanding souls will bear witness all the more of everything that I have revealed you now.*

*[12] Revelation of John 13: The beast of the sea with seven ten-horned heads = **Self love (Egoism)**; The land animal with one head and two horns = **Industry (Economy)***

[13] Revelation of John 12,1 – 6: 2.GH, pg.303 – 305: The woman clothed with the sun = the pure teaching of Jesus. The moon = Egoism and the love for the world. Crown with 12 stars = the 10 commandments of Moses and the 2 commandments of love for God and the fellow man, the child born = the love of God born out of the pure teaching of Jesus; the iron scepter = the rigid power of God; All peoples = all desires and sensual passions of the world

[14] Daniel 7, 7 and 8 the fourth beast = our today's highly industrialized time

[15] Nevertheless, there still exist unfathomable depths in God, which no created spirit can ever fathom; and if he were able to do this, he would not be blessed, because then he could not expect any increasing bliss from God.

[16] God's infinite Love, wisdom, power, patience, mercy and meekness grows by a further infinite amount with every completed creation

*[17] Yes, forever and ever you will learn about new wonders for you and begin to get accustomed to them, but you will never ever reach the end of it, and you can make the reason for this clear to yourself, if you imagine if it is possible to keep on counting until you have reached the end of numbers! But if I, according to the spirit, exist, think, will, act **and effectuate since all***

eternity continuously as one and the same God out of always the same love and wisdom, which in itself by every period of creation and its completed successful work for all future eternities, must of course also feel more perfect and dignified blessedly, and the more wise among you can think for yourself, that I, as the Father now speaks in and out of Me, surely did not until this creation period spend My time in a sort of hibernation somewhere at an infinitive point in everlasting space!

[18] *What then is the essence of the 9th commandment whose observance is required for all peoples to assure their earthly and eternal bliss? In short it is this:*

[19] *Respect each other from mutual true brotherly love and nobody should envy his fellow man should this one have received greater pardon by Me the Creator due to his greater love. However, the one who has received more pardon should let benefit as a brother all his brothers from the emerging advantage. This way you will lay the foundation of a life bond which no power can ever destroy.*

[20] *Their will be large separate wars among the nations and one nation will attack the other; their will also be high inflation and all kinds of pestilence illnesses will arise, as it has not yet occurred among mankind. Also **large earthquakes will take place before** so that the people can admonish themselves to atonement and loving actions. Good for them who will do accordingly! {mt.24,06; mk.13,07; lk.21,09; mt.24,07; Mk13,08; lk.21,10-11}*

[21] *= the fourth fire of cleansing = burnable gases in the region of big industrial zones will ignite and burn down those areas = enemy from the air.*

[22] *(The Lord:) "I say to you: Live only for fifty years according to the proper divine order, - and you will never again see, hear, taste and endure any calamity!"*

[23] *I said: "The Earth belongs to Me everywhere, and I know in which place My return will be most beneficial for the whole Earth. At that time however, men will be able to contact each other from one end of the Earth to the other, and this as fast as lightning that strikes from a cloud. And through the use of the spirits that are bound in the fire and the water they will, riding on iron roads, cover the greatest distances on Earth, faster than the heaviest storms that drive from one end of the Earth to the other. And the ships will, by means of these same powers, cross the big ocean in a much shorter time than now the Romans from Rome to Egypt. So then it will be*

possible to spread the message of My personal return in a very short time over the whole Earth, and thus also to Asia.
