Who is Vassula Rydén?

Vassula Rydén, born January 18, 1942 in Heliopolis, Egypt, is a psychic, seer and writer. Starting in 1985 she experienced a supranational phenomenon. Expressed first in her writing, finally she received the information that the archangel Gabriel had contacted her. The task for him was to prepare her during three months for her eventual spiritual contact and publication of messages from Jesus Christ.

During the following contacts with Jesus she understood that Jesus would give her regular messages which she was supposed to publish to the world. One important aim of Jesus' messages given her for humanity was that Jesus will work to eventually unify the three separated Christian churches, the Catholic, the Protestant and the Orthodox church.

Since 1980 Vassula has received a great number of texts. She filled many "Notebooks" with her conversations with Jesus which are published in the 1160 page work "**True Life in God**" (TLIG.com).

Despite the fact that many church people doubt her relationship with Jesus and that the three churches have not come together yet, Vassula continues her calling. She is constantly encouraged in her activities by the Lord and tours the globe giving seminars and lectures the world over.

We encourage you to check her out on the internet. Under the keywords **Vassula Rydén** you will find hundreds of links.

Here is an example. It is one of the chapters of her book "Heaven is real, but so is Hell." We could not recommend you this book more. It is breathtaking.
